## **Message Application:**

Do you remember the fable, *The Emperor Has No Clothes*? The con men in the story convinced the people in the empire that they had made the Emperor a magical suit that could only be seen by the truly superior type of person. Of

course there wasn't any such suit. So everyone pretended they saw the suit including the emperor. No one wanted to be seen as unworthy or less intelligent. As the emperor paraded down the streets of his kingdom everyone commented how regal he looked! How grand and great the magical suit was.

Everyone except a small boy. He didn't know what regal meant. He had no idea what the people proclaiming the emperor grand was all about. He only knew what he saw and he had been taught to always tell the truth. So, he did! The gig was up. The people from the Emperor on down looked foolish and stupid! The con men were arrested and a child was the hero!

It is so easy for us to follow the crowd. We go against what we've been taught. We choose to believe what the "know-it-all's" say. We listen to our peers who are just as busy as we are suppressing the truth that God has proclaimed to their hearts! To borrow a line from a 90's sci-fi TV show, "*The truth is out there.*" Better to say the truth is up there. Isaiah 55: 8b-9 says, "*For my thoughts are not your thoughts, neither are your ways my ways,*" declares the LORD.<sup>9</sup> "*As the heavens are higher than the earth, so are my ways higher than your ways and my thoughts than your thoughts.*

Our God's ways are higher, better, holier and life giving. Thankfully he also provides science to prove his handiwork. The evidence points to the Creator! This week I challenge you to start a journey toward the light. To begin with, read Genesis 1-11. Then check out the references below.

Dear friend, invest in some evidence that points to our Heavenly Father. Don't get suckered into the lies of the devil.

Grace & Peace,
