Message Application:

We learned today that we are part of one race of people. We are all descendants of Adam and Eve. We are the race of Adam, the Human Race. Now next week we will take a deep dive into the different ethnic group and variation of these groups. For right now let's look at the Biblical implications that we are one race, one people.

I think we really know this truth. Watch small children play. There isn't a natural repellent. The opposite is true. There is a natural union. It is only after sin enters the picture that we see separation, hatred, race wars and the like.

Sin separates. That is its nature. It separates us from Our Heavenly Father and it separates us from our earthly brothers and sisters.

Racism is sin. No matter what form it takes. Christ-followers know this. We are meant to be the image bearers of God. We are meant to grow to be the image of Christ and to glorify and magnify our King.

This week's assignment dear friend is to allow Jesus to nail your bit of racism to his cross. Racism affects our world on so many levels and in so many ways. We the Church must expose it and reject it and show the opposite to all Humankind! We are all one flesh. Let us live like it.

Grace & Peace,
